

Welcome to Finnish münsterländer club anniversary 2023!

Finnish münsterländer club will have it's 20th anniversary in 30. September – 1. October 2023. The celebration will be held in Kauhava, Finland in 30. September 2023 at LentoHotelli. We will have a field trial and we are planning to have a Nordic countries competition. There would be national teams, one from each country. A team can have a maximum of four dogs. The result of three dogs is taken into account in the competition. Both Kleiner and Großer münsterländer are accepted and they can compete in junior, open or limited class. Water tests you can compete in your own countries. We have conversion table for them.

The trial will be held using official Finnish field test rules. The terrain will be mostly field terrain. The rules in English are here:

<https://www.kennelliitto.fi/en/forms/rules-hunting-tests-continental-pointers-kaer>

At the same time we will have a field test for Finnish dogs and other dogs. Your dogs that are not in teams are also welcome to that field test.

We will find out the possibility for you to hunt after the trial in these fields. Hunting permits can then be arranged by local hunting clubs.

We invite you and your dogs to participate in our trial. Please let us know if you are coming **before 15. January 2023**. You can name the team **till the end of August 2023**.

The place for anniversary is LentoHotelli, Kauhava
